Exciting News at Humenik Dentistry!

Since 1957, we have been honored to be part of the Northbrook area business community. We dedicated every aspect of our practice to caring for our neighbors and friends with excellent, comprehensive dentistry in a warm, friendly environment.

It is our pleasure to announce that the tradition continues as we introduce Dr. Katherine Girard as the new owner of our practice. Dr. Girard is a fantastic clinician and a kind, patient-focused professional who we enthusiastically entrust with continuing your care.

Born and raised in nearby Barrington, Dr. Girard received her undergraduate degree at University of Colorado, Boulder, where she majored in molecular, cellular and developmental biology and minored in business. She graduated with high honors and is a member of Phi Beta Kappa.

Dr. Girard completed dental school at UIC College of Dentistry where she received her Doctor of Dental Medicine. She practiced in Chicago at public aid dental clinics where she gained significant clinical and interpersonal experience with patients.

She currently resides in Wilmette and is excited to meet our patients. We encourage you to stop by and meet her soon. Dr. Humenik remains involved with patients and the practice for up to two years, ensuring both he and Dr. Girard oversee every aspect of the transition.

What does this mean for patients?

- **Uninterrupted Care:** Your appointments, records, and treatment plans will transition seamlessly. Our enthusiastic staff continues to maintain and improve your dental health.
- **Familiar Faces:** Our entire dedicated team remains here to welcome you, treating you with heartfelt warmth and compassion. We like our jobs, and it shows!
- **Same Location:** We are still located at 1220 Meadow Road, Suite 306 Northbrook, IL 60062.
